

## Product Update: Uponor Ecoflex shrink tape

To ensure we offer our valued partners the most innovative and cutting edge products on the market, regular updates to the Uponor portfolio are required.

Please see below for information on the changes to the Ecoflex shrink tape, which will go Live **April 2019**:

### Phase out product

### Replacement product

Product Code	Product Description	Price
<b>1018378</b>	UPONOR ECOFLEX SHRINKABLE TAPE 255MM X 30M	£696.30

Product Code	Product Description	Price
<b>1093120</b>	UPONOR ECOFLEX SHRINK TAPE 160MM X 10M	£199.13

The new tape is a smaller more convenient roll size for repairs of the outer jacket, less wastage. The tape now includes a self-adhesive layer, means wrapping of the damaged section is much easier before heat shrinking.
