

## Product Update : 25 & 32mm MLC 3m and 5m

As part of our continued product improvements, we are changing the size of the packaging quantities of 25mm and 32mm MLC in both 3m and 5m lengths. The new packaging quantities will allow for a greater quantity of pipe for exactly the same sized original outer packaging. This will make the storage and shipping more efficient for our merchant customers.

The new pack sizes will be despatched for all orders received after 31<sup>st</sup> March 2019 using the original code.

Orders placed on, or after, 1<sup>st</sup> April 2019 will automatically be upgraded to the new packing quantity.
